The program for the entertainment to be given under the auspices of the Mothers' Circle next Tuesday night, May 30, in the high school auditorium, has been arranged by the committee who, with other members of the Circle, attended the closing day programs and selected from them the most appropriate numbers for this public entertainment.

M'JIMSEY WRITES SECOND TO AUBURN

OF THE NEW MISSOURI SONG THAT WAS ADOPTED.

ON WHOLE IT IS GOOD

SOUTHWARD IN THE BOX

But There Are Mistakes—The Springfield Editor Analyzes the New Song.

E. E. McJimsey, erstwhile Maryville editor, now owner and principal gasser for the Springfield Republican, has analyzed Missouri's new state song. On the whole, E. E. E. is very well pleased, but his investigations have discovered some little faults. His remarks are as follows:

A state song is a good deal like a man's cravat or a woman's powder box—something not at all needed, but which can't very well be done without. Under such circumstances, we Missourians all may well rejoice that the song has been given to us, just as we feel immensely relieved when those other commodities are provided.

Mrs. Hull's lyric contribution, so far as we can judge without having sacrificed our time and other people's feelings by singing it, ought to go pretty well. It rhymes better than Colonel Aaron D. State's delightful prose writings on the same theme. It is a little lame at times as to meter, it halts occasionally in expression and it is somewhat blind to numerous Missouri assets of great value. But probably a state song is not meant to merely catalogue the commonwealth's good points. It starts off with a swing, and it's

We bring to thee
Hearts full of love and loyalty,
Is good enough to stir any citizen of the state into sitting up and taking part in the humming, at least. We are not so certain about

Thou central star, thou brightest gem
Of all the brilliant diadem,

for we have always preferred our stars to remain in their proper places in the heavens, while good old Missouri we hope to always feel beneath our feet. But that, of course, isn't poetry.

She came a compromise for peace—
Her prayer is still that strife may cease,

is very well, we suppose, when you recall that a woman wrote the song, and women don't have a vote in this state. Otherwise, we should hardly seek to celebrate in song an allegation that the people of Missouri are for universal peace when everybody knows that Joe Folk and Champ Clark are both running for president in this state, with every one of their respective friends ready to bite the ear off the other fellow if the chance offers. But

She mourned her blue, wept o'er her gray,

When side by side in death they lay

is splendid—it would make up for any lack which the captious might be able to read into or out of all the other lines of the song. As to

Nor South, nor North, nor East, nor West,

But part of each, of each the best,

we confess we lose our bearings every time we attempt to wander through the lines, and always have to go back and come out of where we started from. Henry James affects us the same way.

There's nothing doubtful or uncertain about the closing lines, however, and we rejoice to know that, with a Democratic legislature cutting off the appropriation from our state immigration board, the St. Louis song writer for the commonwealth has risen to the occasion and without charging anything extra above the paltry \$500 which she gets for the whole job, has thrown in a couple of chunks that are as good as anything John Curran ever sent out to the realty dealers of the state—

Come, homeless one, come to her call,

Her arms are stretched to shelter all!

Delair will probably be on the firing line for the Comets in today's game with Auburn. Some changes have also been made in the outfield; Griffin to play left field, Black center field and Hines, a new man, to play right field.

The Comets management wired to Gus DeCamp at Des Moines Friday night to come to Maryville to join the team. At this writing the management had not heard from him.

Elon Smith of near Ravenwood and brother, Frank Smith, formerly of this county, but now of near Fort Collins, Colo., were in Maryville Saturday. Frank Smith will visit relatives in the county for a few weeks before returning home.

Memorial Day Flowers

The beautiful custom of honoring those who laid down their lives in sacrifice to the principles for which they fought, and showing a tribute to our loved ones who have died, by covering their graves with flowers at least once a year is one of the most inspiring and poetic breaks in the busy life of our country and it is a credit that Memorial Day is observed with increasing interest each year. The proper observance of the day requires right kind of flowers—such flowers as we have in profusion, loose and in wreaths etc.

Miss Carter took her place with the junior class Friday evening and will graduate the coming year. Her mother, Mrs. M. Carter of Burlington Junction was also present Friday night, and is the guest of her mother, Mrs. Mary Wills.

LORIMER MAY RESIGN HIS SEAT

Rumor That Illinois Man Will
Leave Senate Before Probe.

LA FOLLETTE FINISHES TALK.

Senate Adjourns Without Any Action
on Resolution and Will Resume Dis-
cussion of Investigation at Next
Sitting on Monday.

Washington, May 27.—In the cloak rooms of the senate there was much discussion of a persistent rumor that Senator Lorimer might resign before the new inquiry is actually authorized to protect his friends from the attacks of those seeking to unseat him.

After devoting practically the whole session to the discussion of the proposed reinvestigation of the election of Senator Lorimer, the senate adjourned without action, determined to proceed again with the question at its next sitting Monday.

Senator La Follette concluded his four-day speech and announced that when the voting stage is reached he will so change his resolution as to provide that the senate shall elect an investigating committee of five from among the new senators. Senator Borah supported the La Follette proposition, and Senators Bailey and Lingham opposed it.

La Follette said it was deeply significant that for seventy years after this government was established the senate had never been humiliated by a call to investigate a charge of corruption in the election of one of its members. Since then eleven senators had been required to defend themselves against the charge of bribery.

"A study of the ten bribery cases edent here in recent years," said La Follette, "discloses the growing tendency toward the establishing of precedents which make it increasingly difficult to convict, except in cases where the proof is overwhelming and notorious. The decision in the Lorimer case makes another of those unfortunate precedents. In some respects it stands alone—a lurid page in the history of lowered senatorial standards."

The abolition of caucuses and conventions and the nominations of all candidates by direct vote, the election of United States senators by direct vote, the nomination of presidential candidates by direct vote, the initiative, the referendum and the recall—all these are but the logical outcome of the betrayal of public trust by public officials."

LIGHT ON DENVER TRAGEDY

Torn Photograph of Henwood Found
in Von Puhl's Pocket.

Denver, May 27.—B. W. Atkinson, a wealthy contractor of Colorado Springs, who was accidentally shot Wednesday night when Harold Henwood shot S. L. Von Puhl, was more seriously injured than at first thought. A bone in his leg was shattered and amputation may be necessary.

Torn photographs of Henwood bearing his autograph, believed to have been given by him to a prominent Denver matron, were found in Von Puhl's pockets. It is the theory of the police that they were secretly removed from the woman's room by Von Puhl and that their exhibition to Henwood by Von Puhl started the row that resulted in the latter's death.

It is known that the two men came to blows in Von Puhl's room a day or two before the tragedy.

TAFT TREATIES INDORSED

Lake Mohonk Conference Sends Tele-
gram to the President.

Mohonk Lake, May 27.—The representatives of fifty-one commercial organizations attending the seventeenth annual meeting of the Lake Mohonk conference on international arbitration sent telegrams to President Taft and Senator Culom, chairman of the Senate committee on foreign relations, saying they "heartily indorsed treaties of unlimited arbitration with Great Britain, France and other countries and wish success with such treaties."

Oscar S. Straus, member of The Hague court and former ambassador to Turkey, addressed the conference on "Business and International Arbitration." A great step forward, he declared, would be to make it unlawful for neutral nations or their subjects to issue war loans or sell munitions to belligerent powers.

VEDRINE WINS BIG PRIZE

French Aviator Is First to Finish in
Paris to Madrid Race.

Madrid, May 27.—Pierre Vedrine, the French aviator, arrived at the Spanish capital from Burgos, being the first contestant to complete the third stage of the Paris-Madrid aviation race.

Gibert and Garros are still stalled in the mountain fastnesses and it is not probable they will be able to finish within the time limit.

Vedrine, on landing at the Getafe aerodrome, jumped from his aeroplane and flung himself on the ground to rest. A frantic crowd soon rushed up, however, and bore the victorious aviator on its shoulders to the tribunal. On reaching the judge's platform he was showered with roses and kissed repeatedly by women.

ALUMNI HAD CHARGE

(Continued from page 1.)
have ever been given here—"Poet and Peasant" and "Lucia di Lammermoor."

The main interest in the program centered on the speaker of the evening, Mr. Merrill E. Otis, a Hopkins young man, who graduated from the high school in 1902.

He was introduced by Attorney Edward E. Williams of this city, of the class of January, 1907. Mr. Williams said he had been appointed to introduce a young man who scarcely needed an introduction to an audience in this locality. "We are proud to claim him as one of our number," he said, "and I count it an honor to present him to you. He completed the course of the schools in and near Hopkins and then came to Maryville and finished our high school course, which has given him the privilege of a place on this alumni program this evening. In 1906 he graduated from the academic department with all the honor from scholarships and honorary fraternities that department could afford. He then took post-graduate work specializing in certain branches, and then entered the law department of the state university, from which he graduated in 1910, taking the Master's degree and carrying off all the honors of the department. He was an earnest worker in all branches of student life, having represented the university in four interstate debates, and always found time to do all he was called upon to do. I take great pride and pleasure in presenting to you my friend and schoolmate, Mr. Merrill E. Otis of Hopkins, Mo."

Mr. Otis was greeted with the majority of his audience with him in all he said, and his statement that we needed emancipation from the past is greatly true. He is a fine speaker, and all were proud to listen to him and know that he is a product of Nodaway county.

Dr. F. R. Anthony of the class of 1899 presented the diplomas to the graduating class, making a short address. He followed up what Mr. Otis had said in his address.

The graduating class sang their class song, "Our Alma Mater," the words of the song being as follows: Tonight we sing the pleasing strain, by others sung so oft before. Our rapture wells with glad refrain, from out those toilsome days of yore;

Thy sacred fires along the way, blazed forth the light of learning's day,

With bright and ever brightening ray, Our own dear Alma Mater.

Let hoary wisdom, world renown, point to some towering height above,

Where lofty brow with dazzling crown, calls us to scorn our early love;

Thou art not beautiful we know, like gleaming coronet of snow,

But oh, we love thee, love thee so,

Our own dear Alma Mater.

Enshrined within each loyal heart, thy name shall ever sacred be,

Not till each cherished hope depart, shall fade thy blessed memory;

Then let us sing thy praises strong,

lift high thy fame with cheerful song,

And with our lives, thy love prolong,

Our own dear Alma Mater.

Mr. John S. Spickerman of the class of 1888 pronounced the benediction.

WON THE UNIVERSITY SCHOLARSHIP

Charles Kane, the son of Mr. and Mrs. John Kane of this city, of the graduating class of the high school, has won the state university scholarship. His average grade for the senior year was .92 21-32. Miss Bertha Scowden was his close second, her grade being .92 18-32. Four other members of the class followed them closely, all their grades being in the 92 class. They were John Owen Murkin, Robert Fisher, who died May 18; Bessie Brown and Ada Clayton.

PRESENTED FRIESE TO HIGH SCHOOL

The ceremonies attending the presentation of the frieze to the high school by the senior class, for the adornment of the assembly hall, was held Friday afternoon. Fleming Carpenter presented the frieze in the name of the class, and it was received by the principal of the school, Prof. B. A. Stagner. The frieze is about fifteen feet long, and is the third section that has been put in place. This is a fine work of art, representing Alexander's triumphal entry in Babylon.

Peruna Secrets You Should Know

Golden Seal, the root of the above plant, is a very useful medicine. Many people gather it in our rich woodlands during the summer. Few people know how valuable it is in dyspepsia, catarrh, and as a general tonic.

Many thousand pounds of this root are used each year in the famous catarrh remedy, Peruna. This fact explains why everybody uses Peruna for catarrh.

Do Ghosts Haunt Swamps?

No, never. It's foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only. 50c at the Great-Henry Drug Co.

DIAZ NOW ON
BOARD STEAMER

Dictator for Thirty Years Secretly Leaves Capital.

DE LA BARRA TAKES THE OATH

Provisional President of Mexico Is Sworn In and Takes Charge of Affairs—Rascon Is New War Minister. Business is Resumed at Mexico City.

Mexico City, May 27.—Private telegrams received here report the arrival of General Diaz at Vera Cruz. According to these advices he boarded the Ypiranga, a Hamburg-American boat, due to sail south to Coatzacoalcos today. It will return to Vera Cruz and sail for Europe Wednesday.

Railroad reports received say the pilot train was stopped by insurrectos below Jalapa, but after learning it was serving as a pilot to the Diaz train it was permitted to proceed. None of the three trains suffered other delay.

Diaz secretly left here at 2 a.m. He was bound for Vera Cruz to take ship for Spain.

Francisco Leon de la Barra, the Mexican foreign minister and former ambassador at Washington, took the oath of office as provisional president of the republic. He will act as the chief executive in succession to Porfirio Diaz until a general election can be held.

Senor de la Barra was escorted from the national palace to the chamber of deputies, where the oath of office was administered, by the members of the staff of former President Diaz. The staff officials had resigned days ago, but had asked permission to escort the provisional president to the scene of his inauguration. The new chief executive was accompanied by General E. Rascon, who took the oath as minister of war earlier in the day.

Most of the distinguished personages in the capital were present, including the diplomatic corps in full regalia, headed by the American ambassador, Henry Lane Wilson, the dean of the corps.

Business is Resumed.

Owing to the fact that Mexico City was orderly throughout the night, despite the magnitude of the crowd which celebrated the change in administration, business men prepared to resume their occupations on a normal basis.

Shutters were removed from the windows for the first time in two days and the morning sunlight, like a good omen, cast its rays through the open facings of the buildings, brightening considerably the appearance of the business district. A large crowd gathered about the chamber of deputies, cheering for Senor de la Barra and General Madero, while the oath was being administered.

It is now regarded as certain that Alfred Robles Dominguez, General Madero's representative here and who is virtually the military commander of the federal district, will not find it necessary to call in the revolutionary forces from the cities of Cuernavaca and Pachuca for the purpose of maintaining order. The police and soldiers are acting under the direction of Senor Dominguez with as much readiness as if they had never known another superior.

GRANT GUILTY OF HERESY

Assembly Suspends Minister Until He Ceases to Preach False Doctrine.

Atlantic City, N. J., May 27.—The Rev. Dr. William D. Grant of Northumberland, Pa., has been found guilty by the commission which heard the charges against him. The commission reported its finding to the Presbyterian general assembly.

The commission found that Dr. Grant "taught doctrines contrary to the word of God in the bible and the Presbyterian confession of faith." He is held to be guilty under the rules of the Presbyterian board of discipline and the commission recommends that Dr. Grant be suspended from exercising the functions of a minister of the Presbyterian church until such time as "he can convince his own presbytery that of Northumberland, that he has renounced the errors he has been found to hold and to satisfy the pressure of his purpose to no longer teach them."

A motion to adopt the report and confirm the judgment of the commission was put to a vote in the assembly and was carried overwhelmingly without debate.

All prospectors have been warned by the authorities to keep away from the canyon unless prepared to fight.

TRADE REVIEW
FOR THE WEEK

Bradstreet's Sees Some Improvement in Trade.

ADVANCE IS RATHER SLOW.

Symptoms of Betterment Suggested Last Week Prove Disappointing—Retail Business, However, With Seasonable Weather, Springs Up.

New York, May 27.—Bradstreet's says: Trade improves slowly, but in an irregular way. Symptoms of betterment suggested by the trend of affairs last week have not, however, eventuated in the sustained, spreading improvements that was hoped for, hence some evidences of disappointment are visible. Retail trade, in consonance with continued seasonable weather, was expanded, but the turnover is still below anticipations, and in various parts of the country bargain sales are features. Wholesale trade, considered as a whole, remains quiet.

Cotton goods are firmer and there is more doing in leather, with prices higher.

Price cuts and a declaration of what might be termed an "open market" policy as regards some steel products is an unsettling factor in that important industry.

Failures for the week were 236. Wheat exports for the week aggregate 2,664,186 bushels. Corn exports for the week are 734,646 bushels.

Dun's Review says: The business situation as a whole presents elements of improvement, and while the increase in actual transactions is slow and in some places not discernible, an advance has been made.

CORNER ON IN MAY WHEAT

St. Louis Man Holds Options on a Million Bushels.

St. Louis, May 27.—William Lanyon, a capitalist, is engineering one of the biggest wheat deals ever attempted here. More than 1,000,000 bushels of May wheat, valued at nearly \$1,000,000, are involved in the transaction.

He is on the bull side and insists that every bushel of wheat, which he has bought on option shall be delivered to him at the Chicago market price, which is 99 cents a bushel.

Lanyon said he expected his deliveries before the last of May will exceed 1,000,000 bushels, and that he is prepared to pay cash for it all.

If the deliveries are not made the "shorts" will have to pay Lanyon the difference between the price at which he bought it and the Chicago market price. Lanyon is now credited with holding all the No. 2 red wheat for May delivery that is in sight in St. Louis.

GAMBLERS REAP HARVEST

Quick Work on Lusitania Surprises Old Time Westerner.

New York, May 27.—There were fat pickings for two professional gamblers who came over on the Lusitania. One passenger reported that in four days the gamblers picked up \$14,000 and that one of their victims lost \$1,000 in one hour.

"I've lived almost my life in parts of the west," said this passenger, "where gambling is wide open, but I never saw such quick action at poker. Play usually began in the smoking room at 11 o'clock at night and lasted until 3 or 4 o'clock in the morning. The pigeons could evidently afford their plucking and as it was none of my business, I did not interfere."

The steamship officers keep a sharp lookout for professional gamblers, but occasionally an unknown chevalier of fortune makes a smashing coup.
